IT'S RELATIONSHIPS WE BUILD

## OUR SERVICES

We have 8 disciplines under one roof, which makes a one stop shop for a project of any size

- ARCHITECTURE
- MECHANICAL
- INTERIOR DESIGN
- ELECTRICAL
- CIVIL
- FIRE PROTECTION
- STRUCTURAL
- CONSTRUCTION ADMIN

# RECENT PROJECTS

## GRDA HEADQUARTERS

Pryor, OK

The Grand River Dam Authority relocated their administration and operations teams to Mid America Industrial Park, and our full-service crew partnered with them to design a multi-story office building, grossing around 50,000sf. This new space brings together departments that were located throughout northeastern Oklahoma under one roof. Included in the scope was a welcome area, large meeting room, café, office space and support spaces.

Disciplines: A, ID, C, S, MP, E, FP

# RECENT PROJECTS

## PENTAGON REDUNDANT CHILLED WATER

Arlington, VA

To expand HVAC chilled water to additional tenants identified by Washington Headquarters Services, the objective (and result) of this effort aimed to improve redundancy in 4 out of 5 sections of the Pentagon. The scope of this project ranged to clients spread out over 120 acres of floor space, requiring extensive planning and design to accomplish.

Disciplines: A, ID, S, MP, E, FP

# RECENT PROJECTS

## HAMMERHEAD BARRACKS 9400 BLOCK RENOVATIONS

Fort Cavazos, TX

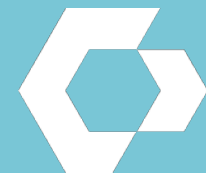

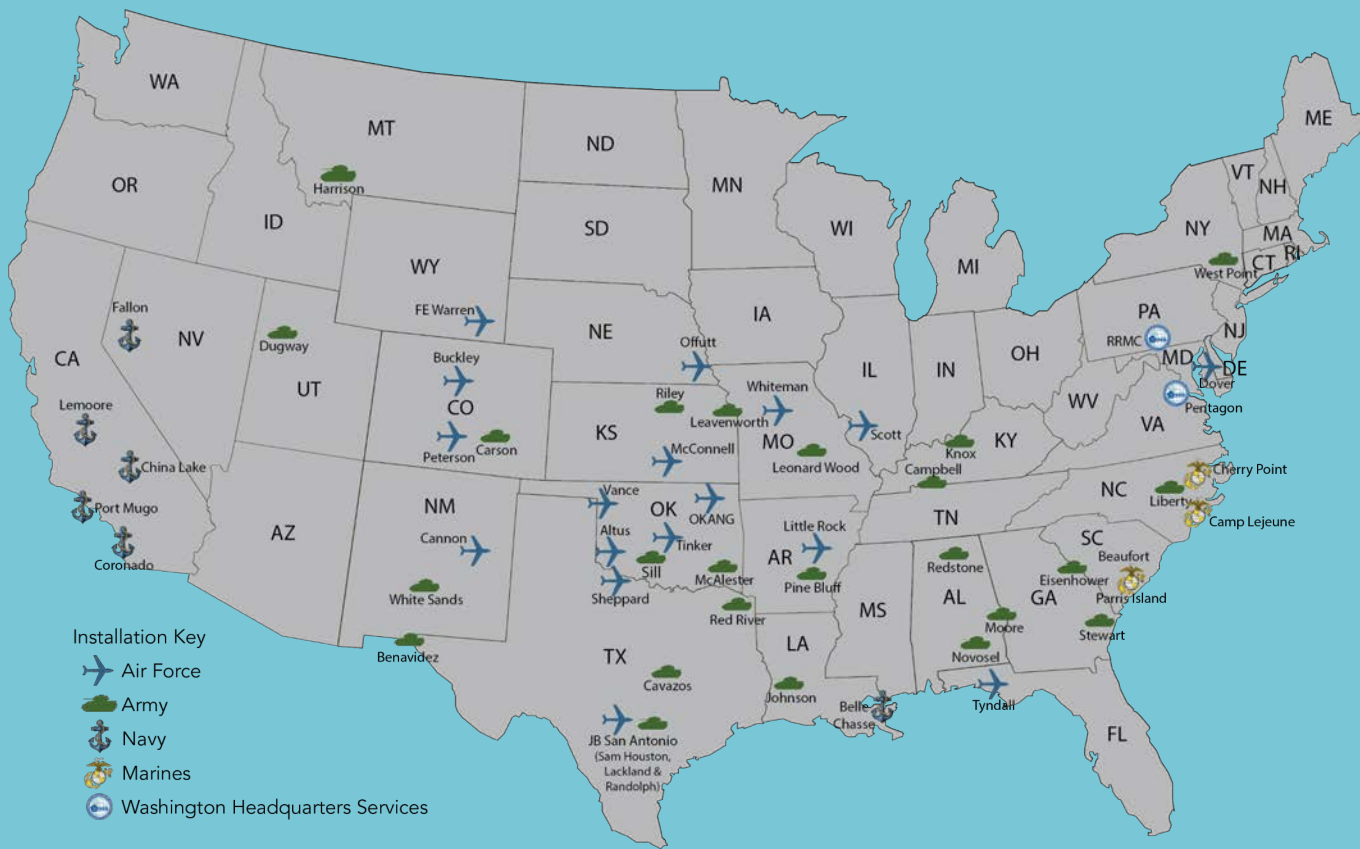

Complete renovation of barracks B9418, B9419, B9420, B9421, B9422, and Central Utility Plant B9417. Renovation included 3 floors and a basement for each barracks. Project was to achieve more comfortable living quarters and administration/operational facilities.

Disciplines: MP, E
