

SAME Tulsa Post Scholarship Opportunity for High School Students: SAME Engineering and Construction Summer Camps

Do you want to work as part of a real engineering, construction or STEM project team this summer? SAME Engineering and Construction Summer Camps offer hands-on activities for 9-12th grade high school students interested in STEM careers. Camps are conducted in a competitive environment, promoting teamwork, leadership, project management, and problem solving. Each of our camps have a unique curriculum with the common thread being a challenging environment and hands-on activities. Every year the **SAME Tulsa Post** supports local high school students interested in pursuing a career in engineering by sending them to SAME Engineering and Construction Camps.

Submit an application using the hyperlinks included in the table or copy/paste URLs into a web browser. Follow the application process instructions. **Note:** applicant must select Tulsa Post as your potential sponsoring post. **SAME Tulsa Post will sponsor qualified applicants!** Tulsa Post will review all applications and notify applicants of selections results by early May, 2018.
